\$5,000 Liaison’s Data-Inspired Future Scholarship, D: Oct 31, 2018 for spring semester; D: May 31, 2019 for the fall semester

Selected criteria from webpage:

“Are you fascinated by data and the role it plays in today’s (and tomorrow’s) society? Here at Liaison, we encourage our employees, customers, and YOU to ponder the many aspects of our lives and businesses that are impacted by good—or bad—data practices. How can we better leverage data to change industry? How can we best protect data and people’s privacy? What does the data-inspired future hold?”

As the amount—and potential—of data continues to dramatically increase, the answers to these questions are sought by leading professionals of every field. So there's no time like the present to wrap your mind around the many implications of ever-increasing data volume, variety, and velocity, and get a head start on your data-inspired career! That's the purpose of this scholarship—to encourage and support students as they consider the influential role of data and apply their talents to drive innovation.
